AUTHOR AND TITLE INDEX TO VOLUME 76

In this Index in alphabetical order are the names of the authors of all articles and the presenters of cases in Society Transactions, followed by the title of the article or case presented and the page numbers on which their articles or cases begin. The asterisk (*) preceding the page number indicates an original article, case report, review article, special article, or scientific exhibit.

For Subject Index see page [8].

A

Aaron, J. N.: See Peck, S. M., jt. auth.

Allington, H. V.: See Epstein, E., jt. auth.

Allison, J. R., and Allison, J. R., Jr.: Colloid milium, *218

Allison, J. R., Jr.: See Allison, J. R., jt. auth.

Allison, S. D., and Wong, K. L.: Skin cancer: some ethnic differences, *737

Allman, S. J.: Case for diagnosis: lichen striatus? linear lichen planus, 509

Amersbach, J. C.: Multiple epitheliomas, 142

Ansell, H. B.: Case for diagnosis: lupus vulgaris? foreign-body granuloma? 508

Arnold, H. L., Jr., and Tilden, I. L.: Fatal scleroderma with L. E. phenomenon: report of case, *427

Aronson, C. M.: See Pillsbury, D. M., jt. auth.

Arthur, R. P.: See Shelley, W. B., jt. auth.

B

Baer, R. L.; Rosenthal, S. A., and Sims, C. F.: Allergic eczema-like reaction and primary irritant reaction: histologic comparison of their evolution in acanthotic skin of guinea pigs, *549

Bahcall, C. R.: See Ringrose, E. J., jt. auth.

Bair, H. L.: See Brunsting, L. A., jt. auth.

Balkin, R. B.: See Teloh, H. A., jt. auth.

Barker, L. P.: Case for diagnosis: Lichen spinulosis? pityriasis rubra pilaris, 807

Lichen planopilaris: pseudopilade, 151

Sarcoid, 810

Baum, G. L.; Schwarz, J.; Slot, W. J. B., and Straub, M.: Mucocutaneous histoplasmosis,

Becker, S. W.: Case for diagnosis: extracellular cholesterosis? 671

Erythema elevatum diutinum, 672

Beerman, H.: See Shaffer, B., jt. auth.

and Lockwood, J. H.: Parapsoriasis, 384

Sidlick, D. M.; Barnes, — —; Bansbach, — —, and Pastras, — —: Sickle-cell ulcer, left ankle region, 385

Bernhardt, H. J.: Chromate dermatitis: its natural history and treatment, *13

Biberstein, H. H.: Case for diagnosis: erythema centrifugum? polymorphous light eruption, 501

Blau, S.: See Orentreich, N. jt. auth.

Bloom, D.: Acrodermatitis enteropathica benefited by Diodoquin, 378

Case for diagnosis: lichen planus associated with lichen nitidus, 141

Cutaneous xanthomatosis associated with obstructive biliary cirrhosis, 803

Bluefarb, S. M.; Wallk, S., and Gecht, M.: Carcinoma of prostate with zosteriform cutaneous lesions, *402

Blum, W.: See Shector, W. E., jt. auth.

Blumenthal, F.: Acute systemic lupus erythematosus, 124

Gangrenous vaccination, 124

Bondurant, C. P., Jr: See Taylor, W. B., jt. auth.

Brandt, R., and Szolomejer, W.: Therapeutic results with solubilized Colorado shale oil, 241

Brauer, E. W.: Scleroderma and bilateral cervical rib, 368

Brodey, A.: Localized solid edema (circumscribed myxedema), 521

Brunsting, L. A.; Reed, W. B., and Bair, H. L.: Additional report on occurrence of cataracts with atopic dermatitis, 779

Burke, E. M.: See Urbach, F., jt. auth.

Burns, R. E.: Darier's disease, 373

Burroughs, W.: See Rosenberg, S., jt. auth.

C

Cameron, G. H.: See Domonkos, A., jt. auth.

Canizares, O.: Cutaneous lesions of rheumatic fever: clinical study in young adults, *702

Paget's disease of nipple, 378

Perifolliculitis capitis abscedens et suffodiens, 515

Caro, M. R.: Skin biopsy technique, *9

Carrick, L.: Cutaneous cryptococcosis: report of case treated with potassium iodide and x-ray therapy, 777

Cawley, E. P.; Lupton, C. H., Jr.; Wheeler, C. E., and McManus, J. F. A.: Examination of normal and myxedematous skin: Use of Mowry's alcian blue-periodic acid-Schiff technique, *537

Chester, B. J., and Gore, H. C., Jr.: Mycosis fungoides, 517

and Labow, T. A.: Bullous eruption, 513

and Labow, T. A.: Familial chronic benign pemphigus (Hailey and Hailey), 511

and Rapaport, J.: Mycosis fungoides, 517

Cipollaro, A. C.: Case for diagnosis: eruption on breasts, thighs, and interscapular area, 135
Case for diagnosis: keratosis pilaris, 137
Case for diagnosis: papillomatosis oris, 152
Erythema annulare centrifugum, 381
Pustular psoriasis, 261

Claiborne, E. R.: Syndrome of multiple polyposis of colon and soft tissue tumors, 266

Clyman, S. G.: See **Rosenbaum, E.**, jt. auth.

Coblenz, A.: See **Prose, P. H.**, jt. auth.

Cohen, J. L.: Pityriasis lichenoides et varioliformis acuta, 123

Cole, H. N.; Cole, H. N., Jr., and Lascheid, W. P.: Dyskeratosis congenita: relationship to poikiloderma atrophicans vasculare and to aplastic anemia of Fanconi, *712

Cole, H. N., Jr.: See **Cole, H. N.**, jt. auth.

Contreras, M. A., and Costello, M. J.: Steatocystoma multiplex with embryonal hair formation: case presentation and consideration of pathogenesis, *270

Convit, J.; Reyes, O., and Kerdel, F.: Disseminated anergic American Leishmaniasis: report of 3 cases of type clinically resembling lepromatous leprosy, *213

Copelan, H. W.: See **Shaffer, B.**, jt. auth.

Cornbleet, T.: Thyroid-iodide therapy of blastomycosis, *545
See **Greenberg, R.**, jt. auth.
and **Greenberg, R.:** Conversion of carotene to vitamin A by sebaceous glands: interference in pityriasis rubra pilaris, ichthyosis, and psoriasis as shown by fluorescent microscopy, *431

Costello, M. J.: Case for diagnosis: chronic exudative lichenoid and discoid dermatosis, 377
Case for diagnosis: dermatitis herpetiformis? 519
Case for diagnosis: erythema multiforme (cicatrizing type), recurrent after 12 years in locations originally affected, 152
Case for diagnosis: malignant melanoma? 151
Chronic exudative, lichenoid, and discoid dermatosis, 376
Dermatomyositis, 260
Lupoid sycosis, 524
Malignant melanoma, 527
Malignant melanoma with metastasis, 527
See **Contreras, M. A.**, jt. auth.

Curtis, A. C.: See **Harrell, E. R.**, jt. auth.
See **Salin, R. W.**, jt. auth.
See **Wheeler, A. H.**, jt. auth.

D

Damon, A.: Constitutional factors in acne vulgaris: prevalence in white soldiers and lack of association with ancestry, complexion, body hair, blood group, handedness, plasma pepsinogen, and physique, *172

Day, R. L.: Carcinoma en cuirasse associated with metastatic malignant melanoma, 669

Demovsky, R.: See **Greenberg, R.**, jt. auth.

DeOreo, G. A.: Phemphigus vulgaris, 370

Derbes, V. J., and Krafchuk, J. D.: Osmylogenic urticaria, 103

De Takats, G.: Surgical treatment of hyperhidrosis: types of sweating: tests of sweating; surgical treatment; results, *31

SUBJECT INDEX TO VOLUME 76

The following index contains an alphabetical list of significant subjects presented in this volume. Books reviewed are indexed alphabetically by title under the heading "Books." Obituaries are indexed under the heading "Deaths." Society transactions are listed under that heading, with individual papers indexed under appropriate headings.

A

Abstracts from Current Literature, 268, 386, 529, 817

Acne
- experimental, production by progesterone Zeligman & Hebener], *652
- hair growth and [Grant], *179
- varioliformis: case for diagnosis [Orfuss], 503
- vulgaris: constitutional factors in [Damon], *172

Acrodermatitis
- enteropathica, in adult [Piper], *221
- enteropathica, benefited by diodoquin [Bloom], 378

Actinotherapy: See also Radiation
- indications for, in dermatology [Sullivan], *634

Allergy
- allergic-eczema-like reaction and primary irritant reaction [Baer et al.], *549
- role of allergenic phenomena in etiology and pathogenesis of atopic dermatitis [Milder], *27

Alopecia
- areata: alkaline phosphatase in [Kopf & Orentreich], *288
- mucinosa [Pinkus], *419
- symptomatica, with nail base changes [Ringrose & Bahcall], 263

American Dermatological Association, Inc.
- annual essay contest, 276

Amphotericin B
- treatment of North American blastomycosis with [Harrell & Curtis], *561

Anemia
- aplastic, of Fanconi: relationship of poikiloderma atrophicans vasculare to [Cole et al.], *712
- Mediterranean: leg ulcers with [Zelickson], *351
- sickle-cell: ulcer of left ankle region [Beerman et al.], 385

Anesthesia
- topical, of unbroken skin [Monash], *752

Angiokeratoma
- corporis diffusum: polariscopic and histochemical studies [Pittelkow], *59

Antibiotics
- combinations: clinical use [Dowling et al.], *1

Apparatus
- dermabrasion: new instrument for [Hartman], 104
- power punches: technique to minimize scarring [Zimmerman], 112
- simplified dermabrasion equipment [Kligman & Strauss], 106
- for spraying commercially available Freon 114 [Robinson], 250
- wall holder for x-ray cones [Zimmerman], 788

Atrophia
- maculata et striata [Larralde], 142

Axillas
- deodorant granulomas of [Saunders], *619

B

Benactyzine hydrochloride (Suavitil)
- use in dermatologic practice [Welsh & Ede], *466

Blastomycosis
- case for diagnosis [Griesemer & Tilley], 503
- North American: treatment with amphotericin B [Harrell & Curtis], *561
- treatment with thyroid preparations and iodides [Cornbleet], 545

Blister formation
- mechanisms [Stoughton], *584

Books
- Allergic Dermatosis Due to Physical Agents [Baer, ed.], 390
- Chemosurgery in Cancer, Gangrene and Infections [Mohs], 155
- Connective Tissue in Health and Disease [Asboe-Hansen, ed.], 274
- Geschwuelste der Haut [Greither & Tritsch], 535
- Guide to Medical Writing [Davidson], 390
- Home Health Emergencies [Equitable Life Assurance Society], 391
- Lehrbuch der Haut- and Geschlechtskrankheiten [Lutz], 154
- Lehrbuch der Haut- and Geschlechtskrankheiten [Schoenfeld], 274
- IX Congress of the Association of French-Speaking Dermatologists and Syphilologists, June, 1956, Lausanne, 156
- Occupational Diseases of Skin. Ed. 3 [Schwartz et al.], 390
- Official American Medical Association Book of Health [Bauer, ed.], 391
- Pathogenese ekzemu [Polak], 536
- Practical Dermatology [Peck & Palitz], 390
- Sequeira's Diseases of Skin. Ed. 6 [Ingram & Brain], 535
- Traitements actuels des tuberculoses cutanes [Huriez & Pelce], 155
- Wire Brush Surgery [Burks], 274

Bowen, John Templeton
- centenary, 184

Bowen's disease
- case [Lewis], 139

Bronchiectasis
- bronchitis and: treatment with intravenous tetracycline [Fox et al.], 11

C

Calcium
chloride necrosis of skin [Zackheim & Pinkus], 244

Cancer: See organ or region involved

Carbon
dioxide, solid, in treatment of kerion celsi [Hubler], 240

Carcinoma: See also organ or region affected
en cuirasse, with malignant melanoma [Day], 609

Carotene
conversion to vitamin A by sebaceous glands [Greenberg et al.], *17
conversion to vitamin A by sebaceous glands: interference in pityriasis rubra pilaris, ichthyosis, and psoriasis [Cornbleet & Greenberg], *431

Cathode rays: See under Radiation

Cellulitis
indurated, chronic [Irgang], *456

Chloroprocaine hydrochloride (Nesacaine)
superior local anesthetic [Wortzel], *500

Cholesterosis
extracellular: case for diagnosis [Becker], 671

Colloid
milium: report of case and review of literature [Allison & Allison], *218

Colon
polyposis, multiple, and soft tissue tumors [Claiborne], 266

CORRESPONDENCE
dermatofibrosarcoma protuberans [Mopper], 258
dermatology in Colombia [Canizares], 256
diagnosis of chromomycosis [Borelli], 789
Eleventh International Congress [Webster], 790
Englishman's impressions of American dermatology [Ingram], 113
hydrocortisone preparations: need for exact knowledge of ingredients [Swarts], 117
induced localized eczema [Rostenberg], 791; [Derbes], 791
Johann Heinrich Rille and Julius Wagner-Jauregg [Spitzer], 362
mycosis-like pyoderma [Kligman], 116
pseudofolliculitis of beard [Schmidt], 117
seal finger [Klauder; Trimble; Skinner], 360
surgical planing for freckles [Caver], 360
Whitfields ointment [Sauer], 361

Cryoglobulinemia
leg ulcer with [Nelson], 150

Cryptococcosis
cutaneous: treatment with potassium iodide and x-rays [Carrick], 777

Cutis
laxa, secondary to vasomotor disturbance with edema [Obermayer], 374

Cysts
epithelial, in buried human skin [Epstein & Kligman], *437
synovial: hyaluronidase therapy [Zeligman], 111

D

Darier's disease
case [Burns], 373

DEATHS
Benham, Rhoda W., 363
Mahoney, John F., 118
Rein, Charles Robert, 663

Dennie, Charles C.
tribute to [Sutton], 774

Deodorants
granulomas of axillas caused by [Saunders], *619

Dermabrasion
new instrument for [Hartman], 104
simplified equipment for [Kligman & Strauss], 106
treatment of lichen sclerosus et atrophicus with oral involvement [Miller], *43

Dermatitis: See also Skin
atopic: cataracts with [Brunsting et al.], 779
atopic: lymphedema of eyelids secondary to chronic inflammation of skin [Tolman], 505
atopic: role of allergic phenomena in etiology and pathogenesis [Milder], *27
chromate: natural history and treatment [Bernhardt], *13
contact: caused by ammonia water [Hollander], 105
contact (occupational) or neurodermatitis [Lewis], 140

Dermatology
Food and Drug Administration protection and the dermatologist [Kerlan], *87

Dermatomyositis
case [Costello], 260
electromyographic findings [Oester et al.], *91

Dermatoses
psychosomatic: control study [Greenberg], *24

Dermatosis
chronic exudative lichenoid and discoid [Costello], 376
chronic exudative lichenoid and discoid: case for diagnosis [Costello], 377

Diphemanil methylsulfate
effect on hyperhydrosis [Orentreich & Rein], *762

Dyskeratosis
congenita: relationship to poikiloderma atrophicans vasculare and aplastic anemia of Fanconi [Cole et al.], *712

E

Eczema
herpeticum: treatment with gamma globulin [Ruppe et al.], *572

Edema
solid, localized (circumscribed myxedema) [Brodey], 521

EDITORIALS
clinical use of antibiotics in combination [Dowling et al.], *1

Ehlers-Danlos syndrome
case with onset at age 29 [Jacobs], *460
(?): ectoderma defect [Traub], 380

Electromyography
findings in dermatomyositis [Oester et al.], *91

Entozyme: See Pancreatic extracts

Enzyme systems
of skin: activity, and lipid film on human skin [Herrmann et al.], *282
of skin: clinical implications [Rothman], *277

Epithelioma
basal-cell: multiple superficial benign: treatment with liquid nitrogen [Jekel], 105
basal-cell, of sole [Zugerman], 247
multiple [Amersbach], 142

Epoxy resins
uses in dermatology [Morris], *757

Eruptions
on breast, thighs, and interscapular area: case for diagnosis [Cipollaro], 135
bullous: case for diagnosis [Chester & Labow], 513

Erythema
annulare centrifugum [Cipollaro], 381
centrifugum, or polymorphous light eruption: case for diagnosis [Biberstein], 502
elevatum diutinum [Becker], 672
multiforme [cicatrizing type], recurrent after 12 years [Costello], 152

Eyelids
lower, left: basal-cell carcinoma [Orfuss], 796

F

Favus
atypical (seborrheic) of scalp [Heim], *740

Fibrin
foam: in treatment of pitted scars [Spangler], *708

Food and Drug Administration
protection and the dermatologist [Kerlan], *87

Foot
onychomycosis of, and tinea pedis [Strauss & Kligman], *70

Fungi
effect of ionizing radiations on, in vitro [Lewis et al.], *601
infections of skin treated with pyrrobutamine compounds [Weiner & Schwarz], 783

G

Gelatin
in treatment of brittle nails [Rosenberg et al.], *330

Geographic tongue
case [Traub], 149

Globulins
gamma: treatment of eczema herpeticum with [Ruppe et al.], *572

Glomangioma (glomus tumor)
distinction from hemangiopericystoma [Saunders & Fitzpatrick], *731

Glossitis
case for diagnosis [Leider], 367

Granuloma
fungoides: case for diagnosis [Reiss], 523
mycotic(?): case [McCarthy], 506
silica, or sarcoid: case for diagnosis [Lewis], 381
swimming-pool, or tuberculosis cutis: case for diagnosis [Machacek], 812

Granulomatosis
disciformis chronica et progressive (Miescher): case [Irgang], 806

Groenblad-Strandberg syndrome: See Pseudoxanthoma elasticum

H

Hair
growth: relation to acne [Grant], *179
imbedded, resembling larva migrans [Yaffee], 254

Hemangioma
Hemorrhagic, multiple (Kaposi) [Costello], 519

Hemangiopericytoma
multiple: distinction from glomangiomas [Saunders & Fitzpatrick], *731

Herpes
gestationis: case [Lewis], 379
simplex(?), ecthyma(?), lymphangioma circumscriptum(?) drug eruption(?): case for diagnosis [James], 522
simplex, simulating pyogenic paronychia [Pillsbury & Wittkowski], 676
zoster: treatment [Epstein & Allington], *408

Histamine
levels in human skin [Johnson], *726

Histoplasmosis
mucotaneous [Baum et al.], *4

Hyaluronidase
therapy of synovial cysts [Zeligman], 111

Hydrocortisone
preparations: need for exact knowledge of ingredients [Swarts], 117

5-Hydroxytryptamine
and human skin [West & Parratt], *336

Hyperhydrosis
effect of diphemanil methylsulfate on [Orentreich & Rein], *762
surgical treatment [De Takats], *31

I

Ichthyosis
or tinea glabrosa: case for diagnosis [Montgomery], 674

International Union for Research in Skin Physiology, 682

Iodine and iodine preparations
iodides and thyroid preparations: therapy of blastomycosis [Cornbleet], 545

Idoderma
case [Post], 143

Irritants, cutaneous
irritant reaction, primary, and allergic-eczema-like reaction [Baer et al.], *545

Itch sensation
neurohistology and neurophysiology of, in man [Shelley & Arthur], *296

K

Keratosis
pilaris: case for diagnosis [Cipollaro], 137

Kerion
celsi: solid carbon dioxide in treatment [Hubler], 240

Kidneys
carcinoma: skin involvement [Rosenthal & Lever], *96

L

Lantern slides
method of exhibiting on x-ray view boxes [Montgomery & Watkins], 107

L. E. phenomenon
in fatal scleroderma: case [Arnold & Tilden], *427

Leishmaniasis
American, disseminated anergic: 3 cases of type clinically resembling lepromatous leprosy [Convit et al.], *213

Leprosy
lepromatous, 126, 127, 128, 130, 133
lepromatous: case [McCarthy], 507
tuberculoid, 125, 131, 132

Leukemia
infiltrates, leukemic: case for diagnosis [Young], 805

Leukokeratosis
linear, of tongue [Ringrose], 249

Lichen
nitidus, associated with lichen planus: case for diagnosis [Bloom], 141
planopilaris, or pseudopelade [Barker], 151
planus: case [Orfuss], 367
planus associated with lichen nitidus: case for diagnosis [Bloom], 141
sclerosus et atrophicus of mouth [Ravits & Welsh], *56
sclerosus et atrophicus, with oral involvement [Miller], *43
sclerosus et atrophicus: scleroderma en bande and [Miller], 144
spinulosis, or pityriasis rubra pilaris: case for diagnosis [Barker], 807
striatus [Miller], 143
striatus, or lichen planus, linear: case for diagnosis [Allman], 509

Lipan: See Pancreatic extracts

Lipids
film on human skin: enzymatic activity of skin and [Herrman et al.], 282

Livedo
reticularis, associated with cryoglobulinemia and thrombocytopenia [Nelson], 259
reticularis, with summer ulcerations [Gross], 801

Lupus
erythematosus [Lewis], 136

Lupus—continued
erythematosus, discoid, chronic, with lupus erythematosus profundus: possible involvement of parotid gland (probable systemic lupus erythematosus): case [Nelson], 814
erythematosus, disseminated chronic discoid [Tye], 146
erythematosus, subacute, resembling leprosy [Fisher & Obermayer], 670
erythematosus, systemic, acute [Blumenthal], 124
vulgaris, or foreign-body granuloma: case for diagnosis [Ansell], 508

Lymphoma
giant follicular, with skin lesions of unknown type [Peck & Aaron], 810

M

Maxilla
melanoma, malignant, of [Stritzler], 800

Melanocytes
of white human skin: tyrosinase in [Szabo], *324

Melanoma
malignant [Costello], 527
malignant: case for diagnosis [Costello], 151

Melanosis
case for diagnosis [Ronchese], 146

Microsporum
canis: tinea capitis due to, in 30-day-old infant [Hebener], 242
lanosum: tinea capitis due to [Joseph], 243

Minnesota
Trichophyton tonsurans infection in [Hill et al.], *206

Moniliasis
cutaneous: occurrence on normal skin after use of antibiotic ointment [Duncan], *434

Mouth
involvement in lichen sclerosus et atrophicus [Miller], *43
lichen sclerosus et atrophicus of [Ravits & Welsh], *56
papillomatosis: case for diagnosis [Cipollaro], 152

Mucocutaneous end-organ
primary organized sensory endings in human skin [Winkelmann], *225

Mycosis
fungoides: case [Chester & Rapaport], 517
fungoides: case [Chester & Gore], 517
fungoides: case for diagnosis [Ronchese], 147
fungoides, complicated by cirrhosis of liver [Garb], 798
fungoides: evolution over 25 years [Orentreich et al.], 797
fungoides: results of cathode-ray therapy [Domonkos], 144
fungoides, treated with potassium paraamino benzoate [Harding & Schneiderman], 264
fungoides, tumor stage: 5- to 8-year cures with antimonials [Garb], *452

Myxedema
pretibial: case [Williams], 262
skin in: examination with Mowry's Alcian blue-periodic acid-Schiff technique [Cawley et al.], 537

N

Nails (digital)
base: changes associated with alopecia symptomatica [Ringrose & Bacall], 263
brittle: gelatin in treatment [Rosenberg et al.], *330
pigmentation, longitudinal, of fingernails, or pigmented nevus: case for diagnosis [Machacek], 813

Necrobiosis
lipoidica diabeticorum: treatment by skin grafting [Dougherty], 803

Nesacaine: See Chloroprocaine hydrochloride

Neurodermatitis
or contact (occupational) dermatitis [Lewis], 140
and emotional tension in adults [Rush et al.], *766

Neurofibroma
Pacinian [Prose et al.], *65

Nevus
flammeus: treatment with thorium X [Schiller], 121
pigmented: abscess formation in [Saunders], *189
pigmented: electrodesiccation [Walton et al.], *193
pigmented (junction?) on nose, with signs of activity [Garb], 365

Nitrogen
liquid: treatment of multiple superficial benign basal-cell epithelioma [Jekel], 105

New, Newer, and Newest, 119, 255, 359, 499, 679, 793

O

Onychomycosis
of foot, and tinea pedis [Strauss & Kligman], *70

P

Paget's disease
of nipple [Canizares], 378

Palate
hard: psoriasis of [Norins & Yaffee], 357

Palms
xanthoma disseminatum of [Schiller], 120

Pancreas
exocrine function in psoriasis [Farber et al.], *236

Pancreatic extracts
Entozyme and Lipan in treatment of psoriasis [Farber & Schneidman], 239

Papillomatosis
cutaneous, confluent and reticulated [Watkins & Lockwood], *648
oris: case for diagnosis [Cipollaro], 152

Parapsoriasis
case [Beerman & Lockwood], 384

Pemphigus
familial chronic benign (Hailey and Hailey): case [Chester & Labow], 511
ocular: case [Orfuss], 795
vulgaris: case [Litt & Gardner], 370
vulgaris: case [DeOreo], 370
vulgaris: treatment with corticotropin [Stoughton], 369

Perifolliculitis
abscedens: case [Rosenbaum & Clyman], 366
abscedens et suffodiens, capitis [Canizares], 515

Phagedena
geometrica [Schiller], 122

Phosphatase
alkaline, in alopecia areata [Kopf & Orentreich], *288

Pigmentation
hyperpigmentation associated with generalized during pregnancy [Pillsbury & Aronson], 677

Pityriasis
lichenoides et varioliformis acuta [Cohen], 123
rosea: does tanned skin prevent eruption of? [Klauder], *200
rosea: eruption resembling, following smallpox vaccination [Witherspoon & Thibodaux], 109
rosea: psychiatric survey of patients with [Greenberg], *24
rosea: treatment with convalescent plasma, gamma globulin, and pooled plasma [Salin et al.], *659
rubra pilaris: case for diagnosis [Levan], 374

Poikiloderma
atrophicans vasculare: relationship of dyskeratosis congenita to [Cole et al.], *712
of Mibelli [Tilley], 148

Porokeratosis
of Mibelli: case [Livingood], 372
of Mibelli: case [Sidlick], 384

Postgraduate education
American Academy of Dermatology and Syphilology: Earl D. Osborne fellowship in dermal pathology, 276
American Medical Association, Committee on Cosmetics, and Society for Investigative Dermatology: symposium on normal and abnormal aspects of skin, 682
Baylor University College of Medicine: annual award in dermatology (psoriasis), 682
University of Cincinnati: course in occupational skin problems, 392
University of Minnesota: symposium on skin cancer, 392

Prantal: See Diphemanil methylsulfate

Prednisolone
topical, in treatment of dermatoses [Frolow et al.], *185

Prednisone
topical, in treatment of dermatosis [Frolow et al.], *185

Progesterone
acne, experimental, produced by [Zeligman & Hubener], 652

Prostate
carcinoma of, with zosteriform cutaneous lesions [Bluefarb et al.], *402

Protein
metabolism, epidermal: defect of, in psoriasis [Flesch & Esoda], *393

Pseudofolliculitis
of beard [Schmidt], 117

Pseudopelade
or lichen planopilaris [Barker], 151

Pseudoxanthoma
elasticum: case of Paget's disease and case of calcinosis with arteriosclerosis as manifestations of [Shaffer et al.], *622
elasticum: clinical and light- and electron-microscopic study [Lobia et al.], *609

Psoriasis
case [Sidlick], 383
defective epidermal protein metabolism in [Flesch & Esoda], *393
exocrine function of pancreas in [Farber et al.], *236
of hard palate [Norins & Yaffee], 357
pancreatic extracts (Entozyme and Lipan) in treatment [Farber & Schneidman], 239
with pustules: case [Young], 673
riboflavin treatment: appraisal of therapeutic effect [Welsh & Ede], *595

Purpura
due to hyperglobulinemia or to cirrhosis of liver: case [Pick & Aaron], 808
hyperglobulinemica of Waldenstroem [McCarthy], 148
of idiopathic hyperglobulinemia (Waldenstroem's purpura hyperglobulinemica) [Fleischmajer et al.], *575

Pyoderma
gangrenosum, of left upper p, in patient with hypogammaglobulinemia: atresia of left nostril and deformity of left upper lip following [Stritzler], 366
mycosis-like: priority [Kligman], 116

Pyribenzamine: See Tripelennamine

Pyrrobutamine compounds
fungous infections of skin treated with [Weiner & Schwarz], 783

R

Radiation: See also X-rays
cathode rays: results of treatment with, in mycosis fungoides [Domonkos], 144
hazards: current philosophy [Landauer], *699
ionizing: effect on fungi in vitro [Lewis et al.], *601
protection in dermatology [Domonkos & Cameron], *694
quantity reaching gonadal areas during dermatologic x-ray therapy [Witten et al.], *683

Rheumatic fever
cutaneous lesions of young adults [Canizares], *702

Riboflavin
in psoriasis: appraisal of therapeutic effect [Welsh & Ede], *595

S

Sarcoid
Boeck's case [Wolf], 794
case [Barker], 810
lupus vulgaris, silica granuloma, or: case for diagnosis [Pick & Aaron], 809

Sarcoma
hemorrhagic, idiopathic, multiple: case [Hamlin], 265

Scalp
favus, atypical (seborrheic), of [Heim], *740

Scars
pitted: new treatment [Spangler], *708

Scleroderma
en bande, and lichen sclerosus et atrophicus [Miller], 144
and bilateral cervical rib [Brauer], 368
fatal, with L. E. phenomenon [Arnold & Tilden], *427

Sebaceous Glands
conversion of carotene to vitamin A by: interference in pityriasis rubra pilaris ichthyosis, and psoriasis [Cornbleet & Greenberg], *431
structure and function [Lobitz], *162

Seborrhea
neglected factor in mixed syndromes [Murrell], *415
seborrheic diathesis [Ingram], *157

Shale oil
Colorado, solubilized: therapeutic results [Brandt & Szolomejer], 241

Skin (human): See also Dermatitis; Dermatoses
biopsy technique [Caro], *9
cancer of: cytodiagnosis [Urbach et al.], *343
cancer of: ethnic differences [Allison & Wong], 737
enzymatic activity and lipid film on [Herrmann et al.], *282
enzyme systems: clinical implications [Rothman], *277
examination: use of Mowry's Alcian blue-periodic acid-Schiff technique [Cawley et al.], 537
histamine levels in [Johnson], *726
5-hydroxytryptamine and [West & Parratt], *336
lesions, zosteriform, of, associated with carcinoma of prostate [Bluefarb et al.], *402
necrosis, calcium chloride [Zackheim & Pinkus], 244
reactions to embedded extraneous hair [Scott], *39
sebaceous glands: conversion of carotene to vitamin A by [Greenberg], *17
unbroken: topical anesthesia of [Monash], *752
white: tyrosinase in epidermalocytes of [Szabo], *324

Skin cleansers
waterless: value and limitations in dermatologic practice [Goldman et al.], *208

Smallpox
vaccination against: pityriasis-rosea-like eruption following [Witherspoon & Thibodaux], 109

Society Transactions
Bronx Dermatological Society, 365, 501, 794
Detroit Dematological Society, 120, 123, 372, 668
Los Angeles Dermatological Society, 374, 804

rubrum: dermatophytosis of hands due to [Schweich], 525
rubrum: human immune globulin therapy of extensive infection due to [Shector et al.], 252
tonsurans: infections in Minnesota [Hill et al.], *206

Tripelennamine (Pyribenzamine)
as local anesthetic: toxicity studies [Steffen et al.], *463

Tuberculid
papulonecrotic: case [Hamlin], 265
rosacea-like [Post], 143
rosacea-like, of Lewandowsky, 668

Tyrosinase
in epidermal melanocytes of white human skin [Szabo], *324

U

Ulcer
phagedenic, of face, of unknown cause [Roxby & Renick], 675
of leg associated with Mediterranean anemia [Zelickson], *351
of leg, with cryoglobulinemia [Nelson], 150

Urticaria
bullous [Winer], *471
pigmentosa: case [Ehrenfeld], 798
pigmentosa: consideration of various manifestations [Nickel], *476
pigmentosa, with hepatosplenomegaly [Fisher], 798
osmylogenic [Derbes & Krafchuk], 103

V

Vaccination
gangrenous [Blumenthal], 124

Vasculitis
toxic, of face, following exposure to analine red dye [Stritzler], 502

Verruca
plant: adenoma sebaceum, or epidermodysplasia: case for diagnosis [Witten & Kopf], 799

Vitamins
A: conversion of carotene to, interfered with in pityriasis rubra pilaris, ichthyosis, and psoriasis [Cornbleet & Greenberg], *431
A: conversion of carotene to by sebaceous glands [Greenberg et al.], *17

W

Waldenstroem's purpura hyperglobulinemica: See Purpura of idiopathic hyperglobulinemia

X

Xanthoma
cutaneous: case [Miller], 382
diabeticorum, 120
disseminatum of palm [Schiller], 120
tuberosum: nonfamilial hypercholesteremia [Picard], 510

Xanthomatosis
cutaneous, with obstructive biliary cirrhosis [Bloom], 803

Y

Yaws
late manifestations [Furtado], *446
